

Custom Adapter Kits: 25-Pin D-Connector

- **Quickly, easily reassign EXISTING cable connection to meet your NEW pin/signal requirement.**
- **Customize your 25-Pin D-Connector for your specific application.**
- **Quick and easy to install!**
- **Solve your cable or peripheral incompatibility problems.**
- **Economical, cost-effective solutions.**
- **Applicable when existing data cable runs through walls and over partitions. Can be “adapted” for new use by reconfiguration of pin/signal connections.**
