

LineSelect® Model 9457 2-Channel, RJ45 A/B/C Cat5e and 1-Channel, RJ45 A/B Cat5e Switch, Manual Control, Rackmount

- **Certified for Cat 5e Compliance.**

INTRODUCTION:

The LineSelect® Model 9457 is a unique device comprised of a 2-Channel RJ45 A/B/C, Cat5e Switch and a 1-Channel RJ45 A/B Cat5e Switch, all packaged in a slim 1U (1.75: high, 19-inch wide rackmount unit. The switches are manually controlled via two front panel knobs. The A/B/C switches are operated simultaneously by knob 1, and the single channel A/B Switch is operated by knob 2.

FEATURES:

- Manually switch 2 channels of the A/B/C ports with one knob.
- Switch Single Channel of the A/B ports with the second knob.
- Both knobs are located on the front panel.
- No external power is required.
- **Rated for 10/100/1000 networks (Up to Cat5e),**
- The switch ports are transparent to all data.
- For each of the three channels, all pins of the RJ45 interface are switched via break-before-make rotary switch.
- High quality sealed switch with self-wiping precious metal contacts.
- Eliminates the need to plug and unplug cables.
- Rackmount configuration.
- Attractive all metal black box packaging provides EMI/RFI shielding.
- **Lifetime warranty against manufacturing defects.**
- Custom length Cat5e cables available for your switch application.
