LineSelect® Model 9459 RJ45 3-Channel ONLINE/OFFLINE Switch, Cat 6 Compliant, Individual Channel Control, Manual, Rackmount

- **Quick and Easy ONLINE/OFFLINE Connection!**
- **Certified for Cat6 Compliance.**

INTRODUCTION

The ***LineSelect®*** Model 9459 allows ONLINE/OFFINE switching for three independent channels. The unit supports all 8 pins of the RJ45 Cat6 interface. No need to plug and unplug cables thereby eliminating connector wear. The ***LineSelect®*** Model 9459 is enclosed in a slim 1U, full rack size, black anodized chassis designed to provide EMI/RFI shielding and fit in a standard 19" rack.

FEATURES:

- **Efficient use of panel space; three complete ONLINE/OFFLINE switches in 1U panel height (1.75").**
- Individual Channel Control.
- Tested for Cat 6 compliance.
- Manually control each channel separately via three knobs located on the front panel, one knob per channel.
- Each channel consists of one 'A', 'B' port.
- All (6) RJ45 Female ports are located on the rear panel; (3) 'A' Ports and (3) 'B' Ports.
- Each channel switches (8) RJ45 leads.
- Attractive black box packaging provides EMI/RFI shielding.
- Switching mechanism is a sealed precious metal contact switch.
- Manually operated. No power required.
- Lifetime guarantee against manufacturing defects.
- **Custom length Cat6 cables available for your switch installation for improved system performance.**
